

**CRYSTAL™****FORCE™**

Crystal Group FORCE™ Module Options

Modules provide easy customization and decreased footprint

Crystal Group FORCE™ rugged servers deliver high performance computing with flexible options that converge storage, networking, cybersecurity and audio; eliminating separate systems and reducing power, space and cooling. Crystal Group FORCE servers can be tailored to meet unique application needs of today and easily reconfigured for tomorrow.

Circuit breaker

Serial port

CMOS battery tray

Dual drive

Triple drive

2-port GbE LAN

8-port GbE switch

16-port GbE switch

USB sound card

USB audio device with speakers

2x USB 3.0

Data sanitize

Card reader

A clear advantage.

**CRYSTAL™****FORCE™**

Crystal Group FORCE™ Module Options

DRIVE CARRIERS

**Circuit breaker**

- Front-mounted circuit breaker
- One removable 2.5" HDD/SSD

**Serial port**

- Front-mounted serial port
- One removable 2.5" HDD/SSD

**Dual drive**

- 2x removable 2.5" HDD/SSD
- Large thumbscrews for easier access

**CMOS battery tray**

- Field-replaceable, front-mounted CMOS battery
- One removable 2.5" HDD/SSD

NETWORKING

**2-port GbE LAN**

- 2x 1GbE network connections; requires available m.2 slot

**8-port GbE switch***

- Up to 16 total 1G ports
- 8 or 16 1GbE ports
- -40C to +60C operational temperature
- No external wiring required

**16-port GbE switch***

- Up to 16 total 1G ports
- 8 or 16 1GbE ports
- -40C to +60C operational temperature
- No external wiring required

AUDIO

**USB sound card**

- Easy access to audio out/mic in capabilities on front of server

**USB audio device with speakers**

- Easy access to audio out/mic in capabilities on front of server
- Includes volume control

VARIABLE SOLUTIONS

**2x USB 3.0**

- Dual front-mounted USB ports
- 10x faster transfer speed than USB 2.0

**Data sanitize**

- Instant data sanitization
- Requires SSD support

**Card reader**

- CAC/smart card reader
- Mounted inside server chassis

**Fluid pump and reservoir**

- State-of-the art liquid cooling option
- Consumes two drive bays

**Blank adapters**

- Enables future expansion with additional modules as needed
